Key Features and Highlights

Aspirant and Business registration

- Existing business users can register and add their organization details to seamlessly avail Goa government services and various central and state government schemes.
- Aspirant users or citizens can register to view facilities provided by the government and the approvals required to set up a business.

Single Sign-On with Goa Online

- Aspirants and Entrepreneurs with existing Goa Online accounts can directly login to UDP using their Goa Online login credentials without creating additional account on UDP.
- Seamlessly apply for 83 Goa Online services provided by various departments, through the UDP portal without creating a separate account on or navigating through the Goa Online Portal.

Single Sign-On with Entity Locker

- Aspirants and Entrepreneurs with existing Entity Locker accounts can directly login to UDP using their Entity Locker login credentials without creating additional account on UDP.
- All documents issued to the user in Entity Locker and uploaded by the user will be automatically fetched and synced with UDP to ensure ease of access.

Single Window Deregulation

- **Know Your Approvals wizard** – helps a user to identify the approvals required from the government departments, by asking simple questions regarding their business.
- The wizard guides the user with links to the necessary online application forms for the various approvals and tracks each KYA request.

Schemes Wizard

- The Schemes Wizard helps a user to identify the various Central and State Government schemes that the user is eligible for, by asking simple questions regarding their business.
- Profile-based scheme recommendations are provided to the user based on the complete profile information updated by the user.

Documents Repository

- All documents issued to the user or uploaded by the user in Goa Online will be automatically fetched and synced with UDP to ensure ease of access.
- Entity Locker Documents synced with UDP will also be visible in the Document Locker.
- User can also upload additional documents into the UDP Documents Repository.
- Central management of all documents enables seamless application for various services and approvals.

Integrated Training Management

- **UDP portal incorporates the various training programs facilitated by different government departments under a single platform, enabling the users to easily access relevant trainings for their business.**
- **Users receive all updates and manage their trainings through a single platform.**
- **Training Agencies can login and manage their respective trainings via the same platform, eliminating offline activities and reducing manual effort in the process.**
- **Integrated Dashboards track success metrics for the trainings and measure impact of various initiatives, enabling real-time reporting and analysis.**

Reports and Analytics

- **Reports & Analytics dashboard presents live and periodic statistics about MSMEs in Goa - supporting transparency, strategic decision-making, and RAMP Programme monitoring.**

Goa Services

- **The Goa Services section lists information on various Goa Government Departments that provide online services.**
- **It also provides links to the application forms on the respective portals and reference documents, guidelines and templates that a user might need for their applications.**

Module 1: Home Screen / Landing Page

Module 1 | Home Screen / Landing Page*Your starting point — everything MSME at a glance*

The Home Screen is the central hub of the Goa UDP portal. It presents a curated, real-time dashboard of essential resources — from scheme announcements to training events and live statistics of MSMEs registered in Goa.

**Home Screen Features****a. Notice Board**

A real-time announcement panel displaying the latest circulars, scheme deadlines, RAMP updates, and important notifications from DITC Goa.

- Click any notice title to open its full detail page
- Click 'View All' to access the complete notice board archive
- Notices are date-stamped — always check the most recent entries first for time-sensitive update

b. About UDP

A concise overview of the Unified Digital Platform — its mandate under the RAMP Programme and the scope of services it consolidates.

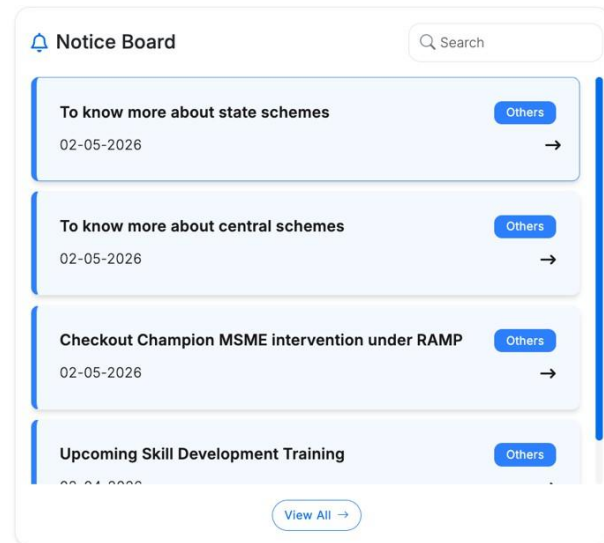

- Read to understand the platform's five pillars: Information, Application, Compliance, Training, and Online Dispute Resolution

- Understand why the UDP was created and how it helps MSMEs navigate schemes and procedures

ABOUT

Unified Digital Platform

The Government of Goa aims to design a **Unified Digital Platform** for the MSMEs in the state which shall act as a digital **one-stop solution** for MSMEs in Goa. The primary objective is to provide comprehensive **360-degree assistance to MSMEs** through a data-driven approach. It has been observed that the uptake of MSMEs in Goa has been relatively low in both **Central & State Government Schemes** for the MSME sector. The primary reason for the same is lack of awareness and limited clarity on the compliances and procedures to avail benefits under the various schemes. To address this challenge, a **unified digital system** will be created for disseminating information about the various MSME schemes and providing assistance in compliance/procedures through a digitized mechanism. The Portal will have various modules including the **Information, Application, Compliance, Training, and Online Dispute Resolution Module**. The Portal will also play a significant role in monitoring, tracking, and reporting the progress of various interventions under the RAMP Programme. This **RAMP monitoring dashboard** will help in course correction and strategic decision-making.

c. RAMP Interventions

A visual carousel of all seven RAMP Programme interventions, each with a brief description and a 'Know More' link.

- Click each intervention card to access the full description page
- Use 'Know More' to understand eligibility, benefits, and contact points for each intervention

Module 2: About Section

Module 2 | About Section

Understanding Goa, DITC, and the RAMP Programme

The About Section provides contextual background on the state of Goa, the nodal agency (DITC) behind the UDP, and the RAMP Programme. This section is especially useful for first-time users and stakeholders seeking institutional context before exploring schemes or services.

a. About Goa

Navigation: Home > About > About Goa

State's geographic, demographic, and economic profile with a focus on MSMEs — covering key sectors including tourism, food processing, handicrafts, and coastal industries.

- Read about Goa's key industries and economic drivers relevant to MSMEs
- Understand MSME contributions to Goa's employment and local GDP

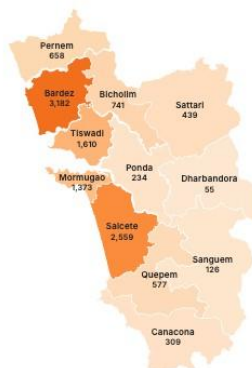

Goa, spread across about **3,702 sq km**, is India's smallest state by area, yet one of its most vibrant states, known for its beaches, Portuguese heritage, and unique blend of Indian and Western culture. Goa is often called the "**Pearl of the Orient**" or "**Tourist Paradise**". Goa became a state on **30th May 1987**, after previously being part of the union territory of Goa, Daman, and Diu.

Goa is situated on the western coast of India, along the Arabian Sea. Goa's **131 km** coastline attracts millions of tourists each year for its pristine beaches. Panaji (also called Panjim) is the capital of the state and Vasco da Gama, its largest city. Goa is divided into 2 districts - North Goa and South Goa, which act as administrative divisions. North Goa is the largest district of Goa by population, while the least populated district of Goa is South Goa. The official language of Goa is **Konkani**, while Marathi, Hindi, and English are other widely spoken languages.

- View DITC's leadership hierarchy and officer profiles
- Understand which services and schemes fall under DITC's administration
- Locate DITC's office address and contact details in Panaji, Goa

Directorate of Industries, Trade, and Commerce

Home > About DITC

Directorate of Industries, Trade, and Commerce

The Directorate of Industries, Trade and Commerce (DITC), Government of Goa, plays a pivotal role in fostering an inclusive ecosystem for Micro, Small, and Medium Enterprises (MSMEs) while ensuring that industrial growth translates into sustainable local employment. The department underwent a landmark transformation created via **Notification No. 23/1/87-GA & C on September 6, 2002**, when it was bifurcated from the Directorate of Industries and Mines to the Directorate of Industries, Trade and Commerce. This shift effectively decoupled mining administration (now under the Directorate of Mines & Geology) to allow for a dedicated focus on trade, commerce, and industry. The directorate is centrally located on the **Ground Floor of Udyog Bhavan, Panaji (403001)**, serving as a key administrative hub in close proximity to other major Government of Goa departments. The total sanctioned strength of **DITC is 95**.

c. About RAMP

Navigation: Home > About > About RAMP

Detailed overview of the RAMP Programme (Raising and Accelerating MSME Performance) — a World Bank-backed initiative under the Ministry of MSME, Government of India, implemented across participating states including Goa.

- Learn about RAMP's national scope and Goa's participation as a state
- Understand how RAMP funds the UDP, BFCs, training programmes, and market-access initiatives
- Identify which RAMP intervention is most relevant to your business needs

Raising and Accelerating MSME Performance (RAMP)

[Home](#) > [About RAMP](#)

OVERVIEW ON THE

RAMP Programme

"Raising and Accelerating MSME Performance (RAMP)" is a World Bank-supported Central Sector Scheme launched by the Ministry of Micro, Small, and Medium Enterprises, Government of India (GoI). RAMP is a strategic initiative aimed at enhancing the performance of Micro, Small, and Medium Enterprises (MSMEs) in India. The objective of the programme is to **strengthen MSMEs by enhancing their competitiveness, improving access to market opportunities, fostering innovation, and promoting the adoption of new technologies.** The Programme fosters MSME growth, and addresses challenges to ensure a robust and competitive business environment. The Programme envisages to provide comprehensive support to MSMEs, by **improving market and credit access, strengthening institutions and governance at the Centre and State, improving Centre-State linkages and partnerships, addressing issues of delayed payments, and greening of MSMEs.** The RAMP Programme also seeks to address the challenges faced by MSMEs and support their integration into global supply chains. The Government of India envisions RAMP as a pivotal tool for **empowering MSMEs, fostering innovation, and driving economic growth.**

Objectives of the RAMP Programme

The aim of the RAMP Programme is to strengthen institutions and access to markets to enhance MSME Performance. The objectives of the Programme are:

- Strengthening coordination and institutions at the National and State level
- Building and integrating technology platforms
- Enhancing firm capabilities and access to markets
- Strengthening the receivables financing market
- Enhancing guarantee products towards increased greening and gender participation
- Expanding access to Online Dispute Resolution Mechanism (ODR)

RAMP Interventions

Under the RAMP Initiative, a total of 07 strategic interventions have been approved by the Government of India, as listed below:

01

Unified Digital Platform for MSMEs

02

Business Facilitation Center (BFC)

03

Capacity Building & Skill Development Trainings

04

Champion MSMEs in the State

05

Gender inclusion and Greening initiatives for MSMEs in Goa

06

Exhibition, Trade fair and Event – Reverse buyer-seller meet (RBSM)

07

Transforming SHGs into MSMEs

Module 3: RAMP Interventions

Module 3 | RAMP Interventions

7 flagship programmes to accelerate MSME growth in Goa

The RAMP section provides detailed information on all seven government-funded interventions designed to uplift, formalize, and accelerate the MSME sector in Goa. Each intervention targets a specific challenge faced by MSMEs.

The Seven RAMP Interventions

a. Business Facilitation Center (BFC)

Navigation: Home > RAMP > Business Facilitation Center (BFC)

Two BFCs are operational at the 4th Floor, DITC Office, Panaji, Goa — functioning as Points of Single Contact for MSMEs needing advisory and handholding support.

- Visit or contact the BFC for personalised guidance on schemes, compliance, and market access
- Access domain-specific experts for finance, legal, and technical advisory at no charge
- Bring Aadhaar, PAN, and Udyam Registration Number for faster service

ABOUT

Business Facilitation Center (BFC)

The **Business Facilitation Center (BFC)** is a key intervention approved under RAMP Goa. The BFCs have been set up to provide **handholding, advisory, and facilitation support** to MSMEs in Goa. The BFCs bridge the gap between government initiatives and MSMEs by offering **professional, domain-specific support** through trained experts, thereby improving access to services and ease of doing business.

Two BFCs are operational at the **4th Floor of the Department of Industries, Trade and Commerce (DITC) office in Panaji, Goa** , which functions as Points of Single Contact for MSMEs seeking guidance on schemes, compliances, market access, finance, and business growth.

Get in Touch

Objectives

01	To provide a single-window support system for MSMEs by simplifying administrative procedures	02	Offer professional handholding through trained domain experts	03	Facilitate market linkages and financial support
04	Provide support in grievance redressal	05	Improving compliance and access to government schemes	06	Promote sustainable business practices , thereby strengthening the overall MSME ecosystem in the state.

b. The Unified Digital Platform (UDP)

Navigation: Home > RAMP > The Unified Digital Portal (UDP)

The UDP itself is a RAMP intervention — a flagship digital one-stop solution consolidating information, applications, compliance, training, and grievance redressal for all MSMEs in Goa.

- Learn how the UDP was designed and the five key problem areas it addresses
- Understand the platform's five module pillars and how they interconnect

ABOUT

Unified Digital Platform (UDP)

The **Unified Digital Platform (UDP)** for MSMEs is a flagship digital intervention under the RAMP Programme, designed as a **One-Stop Digital solution** for Micro, Small, and Medium Enterprises in Goa. Developed by the **Department of Industries, Trade and Commerce (DITC)**, the platform aims to provide **360-degree, end-to-end support** to MSMEs through a **data-driven and Integrated Digital System**.

The UDP addresses key challenges faced by MSMEs such as **lack of awareness, procedural complexity, and limited access to schemes and services**, which have resulted in low uptake of Central and State Government MSME schemes. By consolidating information, applications, compliance support, training, and grievance redressal into a single platform, UDP simplifies the MSME journey and improves ease of doing business in Goa.

Objectives

01

Establish a **single digital gateway** for accessing all MSME-related information and services in Goa

02

Increase **awareness and uptake** of Central and State MSME schemes

03

Simplify **procedures, compliances, and application processes** through end-to-end digitization

04

Enable **data-driven monitoring, tracking, and decision-making** under the RAMP Programme

05

Strengthen **institutional efficiency and transparency** in MSME service delivery

06

Provide **timely grievance redressal** via an integrated online dispute resolution mechanism

c. Capacity Building & Skill Development Trainings

Navigation: Home > RAMP > Capacity Building & Skill Development Trainings

Need-based, sector-specific training programmes to strengthen the skills and entrepreneurial capabilities of existing and aspiring entrepreneurs across Goa.

- Browse training programmes available across North and South Goa
- Apply directly from this page for upcoming training sessions

ABOUT

Capacity Building & Skill Development Trainings

The **Capacity Building & Skill Development Trainings** under the RAMP Programme aim to strengthen the **skills, knowledge, and entrepreneurial capabilities** of both existing and aspiring entrepreneurs in Goa. These programmes are designed to support MSMEs across sectors by addressing skill gaps, improving managerial competencies, and enhancing technical and business capabilities.

Implemented by the **Directorate of Industries, Trade and Commerce**, the intervention focuses on delivering **need-based, sector-specific, and customized training programmes** to empower entrepreneurs and promote sustainable MSME growth in the state.

Get in Touch

Objectives

01	Enhance entrepreneurial, managerial, and technical capabilities of MSMEs in Goa	02	Support both creation of new enterprises and strengthening of existing businesses through targeted skill development	03	Deliver sector-specific, demand-driven training aligned with market needs
04	Improve operational efficiency, productivity, and competitiveness of MSMEs	05	Encourage inclusive participation by involving aspiring entrepreneurs and Self-Help Group members	06	Develop a skilled MSME workforce aligned with Goa's economic priorities and long-term growth objectives

d. Champion MSME in the State

Navigation: Home > RAMP > Champion MSME in the State

A structured programme to identify and accelerate high-performing MSMEs in Goa, transforming them into role models and mentors for the broader MSME community.

- Read eligibility criteria and selection process for the Champion MSME designation
- Understand the one-on-one handholding, advisory support, and business acceleration benefits

ABOUT

Champion MSMEs in the State

The **Champion MSMEs in the State** intervention under the RAMP Programme is designed to create a pool of **competitive, progressive, and high-performing MSMEs** in Goa that can drive innovation, productivity, and economic growth. These Champion MSMEs are envisioned as **role models and mentors** for the broader MSME community, showcasing best practices in innovation, sustainability, adaptability, and business excellence. Implemented by the **Directorate of Industries, Trade and Commerce (DITC)**, this intervention focuses on transforming selected MSMEs through structured, one-on-one handholding and targeted business acceleration support, enabling them to achieve higher growth trajectories and global competitiveness.

Get in Touch

Objectives

01

Nurture and develop a cadre of **high-performing MSMEs** that significantly contribute to Goa's economic growth

02

Position these MSMEs as catalysts for **innovation and enterprise development** across the state

03

Promote adoption of **sustainable business practices, advanced technologies, and market expansion strategies**

04

Empower selected **MSMEs to become "Champions"** who set industry standards

05

Create a **multiplier effect** where champion enterprises mentor and inspire other MSMEs

06

Drive the **overall upliftment and competitiveness** of the MSME landscape in Goa

e. Gender Inclusion & Greening Initiatives

Navigation: Home > RAMP > Gender Inclusion & Greening Initiatives

Programmes promoting women entrepreneurship and encouraging MSMEs to adopt green and sustainable business practices.

- Explore funding and support specifically available to women-led MSMEs in Goa
- Learn about green certification, eco-friendly practices, and sustainability benefits for enterprises

ABOUT

Gender Inclusion and Greening Initiatives for MSMEs in Goa

The **Gender Inclusion and Greening Initiatives** under the RAMP Programme are designed to promote **inclusive, sustainable, and environmentally responsible growth** of the MSME sector in Goa. This intervention focuses on strengthening **women entrepreneurship** and encouraging MSMEs to adopt **green and sustainable business practices**. Implemented by the **Directorate of Industries, Trade and Commerce (DITC)**, the initiative integrates social inclusion with environmental sustainability to ensure long-term economic development.

The intervention includes the following sub-components:

- Establishment of a **Women Entrepreneurship Facilitation Cell (WEFC)**
- Capacity-building programmes for women entrepreneurs
- Provide 50% subsidy to MSMEs for conducting **water and energy audits**, with a capping of Rs 50,000/- per MSME.
- Development of **Green Index** to benefits MSMEs at Industrial Estates, and the creation of a **Green Credit Model** for all the Goan MSMEs.

Together, these initiatives aim to create a resilient MSME sector that is both socially inclusive and environmentally sustainable.

Get in Touch

Objectives

01	Enhance participation of women in entrepreneurship & MSME sector	02	Empower women-led enterprises through targeted facilitation, training, and handholding support	03	Promote adoption of environmentally sustainable and resource-efficient practices among MSMEs
04	Encourage businesses to reduce environmental footprint using green technologies and methods	05	Strengthen compliance with environmental regulations and standards	06	Foster a culture of responsible, inclusive, and sustainable entrepreneurship

f. Exhibition, Trade Fair & RBSM

Navigation: Home > RAMP > Exhibition, Trade Fair & RBSM

Reverse Buyer-Seller Meets (RBSM) create structured platforms where international buyers interact directly with MSME sellers from Goa — promoting the 'Made in Goa' brand globally.

- Check upcoming RBSM dates and registration requirements
- Register your MSME to participate in national and international buyer-seller events

ABOUT

Exhibition, Trade Fair and Event – Reverse Buyer–Seller Meet (RBSM)

The **Reverse Buyer–Seller Meet (RBSM)** is a market-access-focused intervention under the RAMP Programme, aimed at providing **national and international exposure** to MSMEs in Goa. Recognizing that MSMEs often face challenges in identifying suitable markets and meeting global quality and safety standards, RBSM creates a structured platform where **international buyers (importers)** interact directly with **MSME sellers (exporters)** from Goa. Implemented by the **Department of Industries, Trade and Commerce**, the intervention seeks to promote the **"Made in Goa"** brand globally and strengthen Goa's position as an emerging export-oriented state.

Objectives

01	Expand market access for MSMEs through direct engagement with national and international buyers	02	Strengthen export readiness and capacity of MSMEs	03	Increase participation in global value chains and boost exports from Goa
04	Facilitate one-to-one buyer interactions , product showcasing, and business matchmaking	05	Build sustainable trade linkages for long-term growth	06	Promote Goa's products and services in global markets

Global Buyers

Exporters

Networking

Business Growth

Trade Fair Booths

B2B Meetings

How it Works

Under this intervention, **Reverse Buyer–Seller Meets** are organized as part of major exhibitions, trade fairs, and business events. International buyers are invited to share their sourcing requirements, while MSME exporters from Goa showcase their products and services. Structured **B2B matchmaking sessions** enable one-to-one interactions, business discussions, and networking opportunities. One such RBSM was organized during the **Amazing Goa Global Expo & Summit 2024**, in collaboration with the **Vibrant Goa Foundation**, where MSMEs from sectors such as hospitality and tourism, food processing, construction, shipping and logistics, and IT and automation participated. The intervention is designed as a recurring initiative, with future RBSMs planned to further strengthen export linkages.

Benefits

 Direct interaction with international and domestic buyers	 Increased exposure to global market requirements and standards	 Opportunities to secure export orders and long-term business tie-ups
---	--	--

g. Transforming SHGs into MSMEs

Navigation: Home > RAMP > Transforming SHGs into MSMEs

Structured support for Self-Help Groups (SHGs) to transition into formal, registered MSME enterprises — addressing registration, branding, market access, and digital adoption gaps.

- Understand the step-by-step process for SHG-to-MSME formalization under Udyam
- Access tailored handholding support for SHG members looking to scale into enterprises

ABOUT

Transforming SHGs into MSMEs

The **Transforming SHGs into MSMEs** intervention under the RAMP Programme focuses on enabling **Self-Help Groups (SHGs)** to transition from informal, localized activities into **formal, sustainable business enterprises**. SHGs play a vital role in the local economy of Goa but often face challenges related to limited market access, lack of formal registration, inadequate branding, and low digital adoption. Implemented by the **Directorate of Industries, Trade and Commerce (DITC)**, this intervention provides structured handholding and capacity-building support to help SHGs unlock their full economic potential and integrate into the MSME ecosystem.

[Get in Touch](#)

Objectives

01	Facilitate formalization of Self-Help Groups (SHGs) by enabling their transition into registered MSMEs	02	Strengthen business growth and market access for SHG-led enterprises	03	Build entrepreneurial capabilities through skills, knowledge, and institutional support
04	Enable SHGs to operate as sustainable and viable business units	05	Link SHGs with MSME schemes and formal support systems	06	Promote grassroots entrepreneurship and inclusive economic development in Goa

How it Works

Under this intervention, SHGs are guided through a structured transformation process that includes awareness creation, skill development, and formal registration. SHGs receive handholding support for Udyam registration by connecting with **Business Facilitation Centers (BFCs)** and **Women Entrepreneurship Facilitation Cells (WEFCs)** established under RAMP. Need-based training programmes focusing on **marketing, digital tools, packaging, branding, and export readiness** are conducted to strengthen business capabilities. The **EDII Goa Centre** has been onboarded to organize SHG-focused training programmes, while continuous mentoring ensures that SHGs are able to scale operations, access markets, and function as independent MSMEs.

Browse the Training Calendar

- 1 Open the Trainings page. You will see cards for all upcoming programmes with date, district, and category displayed.

Select Your Training

- 2 Click 'Know More' to read the full programme details — duration, schedule, objectives, and SPOC contact name and number.

Click Apply

- 3 On the training card or detail page, click 'Apply'. You may be prompted to log in if you have not already done so.

Complete Registration Form

- 4 Fill in your name, contact details, Udyam Registration Number (if applicable), and any other details requested.

Receive Confirmation

- 5 After submission, you will receive a confirmation notification via SMS or email. Keep the confirmation for reference on the day of the training.

Module 6: Knowledge Hub

Module 6 | Knowledge Hub

E-learning resources and MSME success stories

The Knowledge Hub is the self-learning centre of the UDP portal, providing MSME entrepreneurs with digital courses, reference materials, and curated success stories of businesses that have grown with government support.

Knowledge Hub Sub-Sections

a. E-Learning

Navigation: Home > Knowledge Hub > E-Learning

A digital library of learning resources — covering business management, scheme awareness, compliance procedures, financial literacy, marketing, and sector-specific topics.

- Browse and enroll in courses freely available without any cost
- Access downloadable guides, compliance checklists, and scheme summaries
- Content is accessible 24x7 — learn at your own pace on mobile or desktop

E-Learning

Home > Knowledge Hub > E-Learning

Develop skills that matter

Gain relevant abilities that support your career goals & personal development

b. Success Stories

Navigation: [Home](#) > [Knowledge Hub](#) > [Success Stories](#)

Real-world case studies of Goa-based MSMEs that successfully leveraged government schemes, RAMP interventions, and DITC support to grow their businesses.

- Read stories of micro and small enterprises that scaled up through state and central schemes
- Identify similar businesses in your sector and learn from their experience
- Use these stories as reference material when preparing scheme application justifications

Success Stories

c. Success Stories Information Repository

Navigation: [Home](#) > [Knowledge Hub](#) > [Information Repository](#)

A curated library of informational presentations, guides, and reference material covering important topics relevant to MSMEs — from registrations and compliance to trade and business growth. New resources are added regularly to keep entrepreneurs informed and up to date.

- Browse topic-wise presentations and learning material shared by DITC and government bodies
- Access key information on registrations, schemes, export procedures, and business compliance at any time
- Use the resources as quick reference guides to understand processes before applying or visiting a department.

Module 7: Goa Services

Module 7 | Goa Services

Department-wise approvals, licenses, and clearances for your MSME

The Goa Services module aggregates the full spectrum of government services across 17 state departments and agencies — covering all licenses, NOCs, registrations, and clearances required to start, operate, and grow a business in Goa.

Departments Available on the Portal

Navigation: Home > Goa Services > Department & Services

DITC Primary MSME nodal department for industries, trade & commerce	Tourism Tourism registrations, shack licenses, caravan and event approvals	Labor & Employment Labor compliance, contract registrations, employment services	GIDC Industrial plots, sheds, and infrastructure in industrial estates
Factories & Boilers Factory registration, boiler inspections, safety clearances	Pollution Control Board Consent to Establish (CTE) and Consent to Operate (CTO)	Electricity Dept. New connections, load upgrades, and commercial tariff matters	Food & Drug Admin Food processing permits, FSSAI-linked, and drug licenses

- Additional departments on portal: Public Works (PWD), IT, Electronics & Communications (ITeC), Civil Supplies & Consumer Affairs, Directorate of Fisheries, Goa Khadi Board, Goa Handicrafts, Goa State ST Finance & Dev. Corporation, and District Rural Development Agency (DRDA)

Module 11: Login / Register

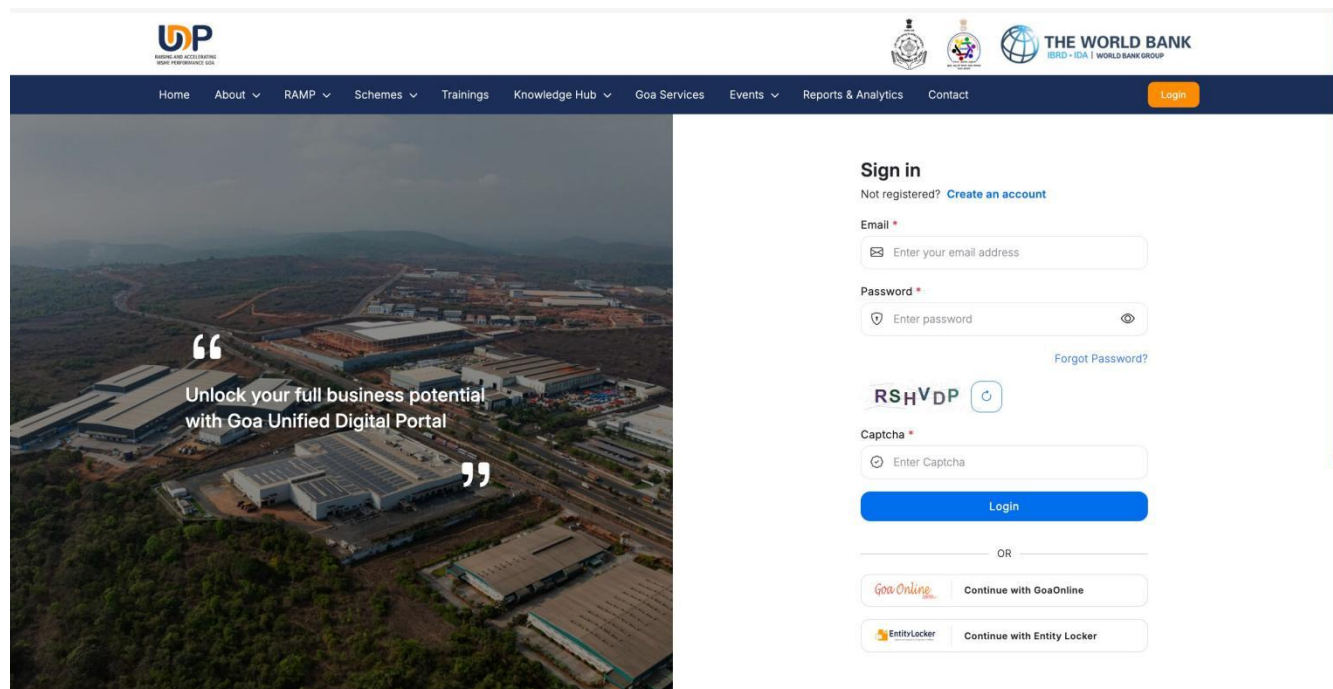

Module 11 | Login / Register

Creating your MSME account on the Goa UDP portal

Login/Register to an Existing Account/ New Account

Navigation: Home > Login

- Click 'Login' from the top navigation bar or visit msme.goa.gov.in
- Enter your registered mobile number or email address and password , You can also login through Goa Online User ID and Entity Locker
- Use the 'Forgot Password' link to reset access via OTP if needed
- After logging in, your personalised dashboard shows all applications, training registrations, and notifications

The screenshot displays the login interface of the Goa Unified Digital Portal (UDP). The header includes the UDP logo and navigation links: Home, About, RAMP, Schemes, Trainings, Knowledge Hub, Goa Services, Events, Reports & Analytics, and Contact. The main content area is divided into two sections. On the left, there is a large image of an industrial park with the text "Unlock your full business potential with Goa Unified Digital Portal". On the right, the "Sign in" section is visible. It includes a link for "Not registered? Create an account". The login form consists of three input fields: "Email" (with a placeholder "Enter your email address"), "Password" (with a placeholder "Enter password" and a "Forgot Password?" link), and "Captcha" (with a placeholder "Enter Captcha"). Below the input fields is a blue "Login" button. At the bottom, there are two options for login: "Goa Online" (with a "Continue with GoaOnline" button) and "EntityLocker" (with a "Continue with Entity Locker" button).

After Login MSME accessible modules

- MSME Profile , Organization Profile
- MSME Dashboard

MSME Dashboard and Features:

This section provides access to MSME-related features available on UDP, including Know Your Scheme, Know Your Approvals, recommended schemes, available services, training programs, and a document repository integrated through Entity Locker.

The screenshot displays the MSME Dashboard interface. On the left is a user profile card with a circular avatar, three lines of redacted text, and icons for email and a document. Below the text are two buttons: a blue 'Edit Profile' button and a white 'Organisational Profile' button with a document icon. The main dashboard area has a top navigation bar with 'Dashboard' (active), 'Services', 'Trainings', and 'Documents'. Below this are two large feature cards: a blue 'Know Your Scheme' card with a person icon and an 'Explore Schemes' button, and an orange-to-purple gradient 'Single Window Deregulation' card with a checkmark icon and a 'Know Your Approvals' button. Under these cards is a 'Schemes for You' section with two tabs: 'Goa Scheme' (active) and 'Central Scheme'. To the right of the tabs is a search bar labeled 'Search by Scheme' and a 'Filters' button. The 'Goa Scheme' tab shows a card for the 'IPR Reimbursement Scheme' by the 'Department of Information Technology, Electronics and Communication (DITE&C)', which includes a 'Financial Support Scheme' sub-option.
